

DECLARATION OF CONFORMITY

EUROPEAN UNION REACH REGULATION (CANDIDATE 240)

SEPTEMBER 18, 2024

Max Machinery certifies, to the best of its knowledge, products comply with the European Union Directive **(EC) No 1907/2006** on the Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH) and subsequent revisions. The current statement is reflective of Candidate list 240, released 06/27/2024.

- REACH compliant means that our products are categorized as articles under the REACH Regulations and as such do not contain more than 0.1% by weight per article of substances listed in the latest Candidate Substances of Very High Concern (SVHC) list of 241 Substances, the latest released by the European Chemicals Agency.
- None of the components that make up the finished article contains more than 0.1% by weight per article of any of the listed substances, unless otherwise stated.
- The weight of the SVHC candidate substances contained in EFI products shipped into the EU has not exceeded one metric ton per year and annual reporting to ECHA is not required.
- The weight of the SVHC candidate substances contained in EFI products shipped into the EU has not exceeded one metric ton per year and annual reporting to ECHA is not required.

We will continue to identify any potential use of materials as specified in the REACH directive and confirm the representation made in this compliance statement remain accurate. To that end, we reserve the right to amend this statement at any time based on subsequent developments or information. If you need more detailed information, please contact:
